

Dr. Seuss Photo Booth Directions

You will work as a team to create Dr. Seuss Photo Booths for the children and families to use during Dr. Seuss Night. We will have them set up in the gym, multi-purpose room, and at the ends of the back hallways.

Each team will get a large tri-fold presentation board. You will be able to gather any supplies that you would like to use on your board. You can use butcher paper, construction paper, paint, etc. Please use the attached pattern for the face cut-outs on your boards. If your team needs to purchase any materials they may do so and turn in their receipts for reimbursement.

The only rule is that they are 100 % done, by Thursday, February 28th @ 3:30 pm. This will give us time to place them around the gym and time for everyone to see them.

Stefanie found the idea on Pinterest. So, here is a picture that was on there for a frame of reference.

Please be as creative as you can be!!!
